## 1. PURPOSE:

The Camp-O-Ree is a District wide event promoting Scout skills and fun. It is meant to be used by the Troops as one means of measuring their progress in developing their Scouts. To that end the Camporee Staff strongly encourage the Patrols to participate in the form they utilize during the entire scouting year, rather than form up “Super Patrols” designed to win every competition.

Our Camp-O-Ree will provide ten events for each patrol in the morning, and an afternoon Pioneering and Dutch Oven Cooking competition. Each, will test your Scouting skills, develop team work, and increase the level of scouting spirit within the Valle Del Sol District of the Greater Los Angeles Council. We are expecting over 400 Boy Scouts, Venturing Crews and Adult Leaders. We have put together a Key Staff of adult volunteers to assist in the planning and coordination of the Event. You can view the Staff contact list by selecting the Key Staff link. All planning meetings are located on the District Calendar link.

### **3. HELPFUL HINTS FOR THE UNIT AND PATROL LEADER**

This section of the packet is intended to provide helpful hints for the Scoutmaster and Patrol Leader to aid their program in preparing for CAMP-O-REE. The primary reasons for holding the VDS CAMP-O-REE are to test your Patrol scouting skills, develop team work, and increase the level of Scouting Spirit within the Valle Del Sol District. The following bulleted set of information should be interpreted as suggestions and guidelines for having a successful CAMP-O-REE event:

- Each Patrol competing should be the normal boy patrol that has been together during the scouting year. By participating in this method, each patrol can measure how their scouting skills are maintained throughout their individual programs. The SPL & Scoutmaster can then adjust their individual programs to aid in each Patrol's scouting skill development. Setting up Patrols of all senior scouts specifically for CAMP-O-REE in order to score high in the competition does not serve the purposes of CAMP-O-REE and is not regarded highly by the judging staff.
- Have Patrols design and prepare Patrol flags, songs, and yells. These 3 things are judged during every event during the competition day and will help the scouts develop the team work necessary to do well.
- Have Patrols practice construction and assembly of their camp gadgets and perimeters in advance. This will aid them during their setup on Friday evening, and be helpful in the campsite inspection competition.

- Make sure patrols understand they should secure all required equipment prior to CAMP-O-REE so they do not end up without necessary items during setup.
- Properly label or identify all Troop and Patrol articles.
- Make sure patrols procure all badges of office, Troop numerals, etc. and ensure that they are all properly attached to the Scout uniforms prior to the event.
- Ensure that all canvas goods (tents, dining fly etc.) meet the required fire retardant standards.
- Have all Patrol information displayed clearly in campsites.
- Make sure each patrol leader prepares all paperwork in advance for their patrol, preferably organized in a binder, and have them take advantage of the pre-check in opportunities during the week prior to CAMP-O-REE.
- Make sure the patrols understand they are to be prepared to leave their campsites Saturday morning after breakfast and not return until notified by CAMP-O-REE Staff (~3pm). This means they will need to prepare a trail lunch to carry with them during the completion. There are severe point penalties for Patrols returning to their campsites prior to the CAMP-O-REE Staff notifying them it is OK to return.
- Make sure patrols understand that they are expected to live up to the Scout Oath, Law, and Motto during the entire CAMP-O-REE event. Scoutmasters should also be aware there will be specific CAMP-O-REE Staff individuals will be assigned to provide security for CAMP-O-REE. These individuals will be clearly identified. Scoutmasters witnessing scouts exhibiting behavior not consistent with the Scout Oath or Law should observe only and report to the security. If such behavior is within the Scoutmaster's own troop, the Scoutmaster should deal with it directly within their own Troop's discipline guidelines.

#### **4. CODE OF CONDUCT DURING CAMP-O-REE**

I recognize that my personal conduct and that of all participants attending the Camp-O-REE will do much to enhance the image of Scouting. I therefore accept the following Code of Conduct.

- The Scout Oath will be my guide throughout the Camp-O-REE.
- I will set a good example by keeping myself neatly dressed and presentable. The official Field uniform will be worn. During the events on Saturday, an "Activity uniform" may be worn.
- I expect to attend all scheduled Troop activities and take part in as many optional activities as I am able.
- In consideration of the other participants at the Camp-O-REE 2017, I agree to be in my tent and remain quiet from lights out to reveille.
- I will be responsible for keeping my tent clean and neat, and will adhere to all Camp-O-REE 2017 policies and regulations.
- I pledge to do my share to prevent littering and defacing of the Camp-O-REE site.
- I agree that no gambling of any kind will be permitted.
- I understand that the illegal possession or use of drugs, alcohol, harmful substances, fireworks and firearms is strictly prohibited.
- I understand that I will be personally responsible for any loss, breakage or theft of property, which I cause.
- Campsite etiquette will be strictly enforced. Permission must be granted before entering another Patrol's campsite and no one is permitted in someone else's campsites when they are not there. Unit leaders will be informed of violations.

## **5. REQUIRED PAPERWORK FOR CAMP-O-REE:**

Two signed copies of **Annual Health and Medical Form – Forms A and B (680-001 2014 Printing)** for each Patrol member. If any Scout does not have a medical records form, the unit leader will be asked to obtain one immediately. If one cannot be obtained immediately, then the scout will not be allowed to participate. Forms are available online at [www.glaacbsa.org](http://www.glaacbsa.org).

- 1st copy: To be carried by each Scout during the entire event.
- 2nd copy: To be handed in by the Patrol Leader at check-in. This will be returned at check-out.
- Completed Check-in/Check-out form found in this packet.
- A copy of your registration form and your registration receipt to verify registration in case of any problems.
- ***A Tour Plan is not required because the event committee has obtained it.***

### **CAMP-O-REE Competition:**

Competition scoring will begin as each patrol arrives at the CAMP-O-REE check in station. Scoring will commence from then through all day Saturday. Patrols will be scored on their scouting skills, spirit, team work, and use of the patrol method.

CAMP-O-REE competition is open to patrols with scouts up to and including Life rank. Eagle Scouts are not allowed to compete. Senior Patrols predominantly made up of Life and Eagle Scouts are encouraged to contact the Camp-O-Ree Chairman to be on staff so they can share their knowledge and help grow the next generation of Eagle Scouts. All non-competing Senior Patrol Leaders should also contact the Camp-O-Ree Chairpersons to be on staff. Patrols are expected to compete in all events, and points will be awarded based upon the guidelines posted below. Non-participation in an event will result in no points being awarded for that event.

Adults, non-Patrol member youth leadership, parents and siblings will camp separately from competing Patrols in an assigned area. Adult should register along with their associated units. Food will not be provided to Adults and non-patrol Youth leadership. Adults and non-patrol Youth leadership will need to cook their own food in the Adult camping area.

## 12. SPARTAN GAMES

After all patrols have completed the respective skill events and have verified their posted score, we will be hosting Spartan Games competition.

### Event 1 Circus Maximus - Chariot Race

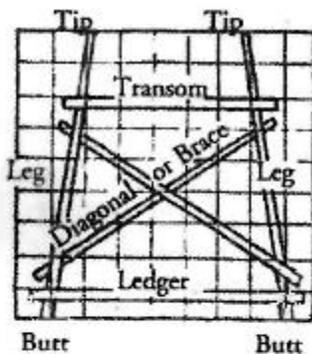

This race is based on the ancient chariot races of the Roman coliseums.

Materials needed:

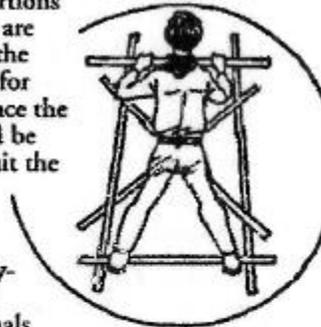

- 2 - 8' x 2'-3' diameter spars for the legs
- 4 - 6' x 2'-3' diameter spars for the ledger, Transom and cross braces (The ledgers can be 4' to 6' in length)
- 9 - 15' lashing ropes
- 1 - 10' lashing rope for the reins
- 2 - 15' lashing ropes for the hauling lines

**Procedure:** The equipment is placed in piles at a distance from the Patrols. On signal, the Patrols run up and lash a chariot (see diagram). When the frame is finished, all Patrol members pull (do not carry) the chariot and rider down the field around an oval track to the finish line.

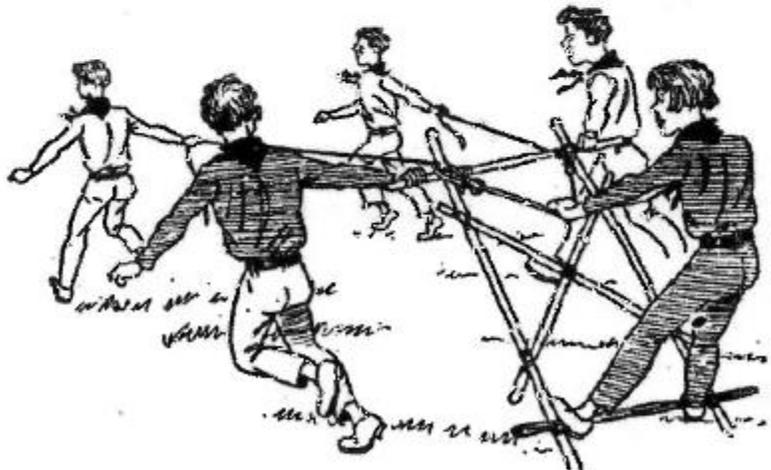

The first Patrol to cross the finish line with their chariot intact will be victorious.

In mainline Pioneering the classic proportions of the trestle are as shown in the diagram but for the chariot race the trestle should be tailored to suit the charioteer.

Square lashings everywhere except where diagonals cross each other.

## **Event 2 Roman Mechanics – Roman Machine**

The Romans put a great deal of effort into engineering. Roman engineering led to the building of some remarkable engineering feats that have served to this day. Engineering was used as a way of improving the lifestyle of the Romans. Engineering was also institutionally ingrained in the Roman military, who constructed forts, camps, bridges, roads, ramps, palisades and siege equipment amongst others.

Each competing Patrol will bring a box containing the equipment listed below with their name and Troop number on it to the camporee. This box of equipment will be turned in Friday night at check-in. The equipment will be returned to them on Saturday when they show up for this event. They must use this equipment to solve a problem. Some of the equipment will be crucial for solving the problem; other items may or may not be useful.

### **Materials List**

- 3 sheets of paper
- Pencil
- Cardboard (12" x 12")
- 48" of masking tape
- Plastic spoon
- 3 rubber bands
- 8 popsicle sticks
- 4 straws
- 1 paper plate
- 1 ping pong ball

## **Event 3 Trahitis Belli – Tug of War**

This will be a fun event that may involve mixing patrols and troops.

Teams will be made where the weight differential of participants will not exceed 100 pounds.
